The Inver Advantage

The service we provide to ensure
forecourt success

Better prices

We buy our fuels directly from refineries and can offer you competitive prices across all fuel ranges.

Quality Assured Fuels

We provide only Premium Assured Quality Traceable fuels from our terminals.

Direct Fuel Supply

Delivered directly from our terminals by Inver's dedicated branded haulage fleet.

Fuel Availability

Reliable supply from our co-owned terminal in Foynes with next day delivery.

Support

An experienced Irish based sales team who are knowledgeable, responsive and quick to action.

Inver Fuel Card

Increase your forecourt commercial fuel sales with our competitive fuel card.

“Since joining Inver, I’ve increased both my margins and my volumes. My fuel prices are so competitive, I’m driving more footfall into my stores, and that is all adding to my turnover”

Norman Foley

Inver Fossa, Tralee, Killorglin

"Inver are always honest and straightforward to deal with and have very competitive prices."

Paul Lynch
Inver Freshford, Co. Kilkenny

“Faultless delivery of quality fuels from the terminals in Foynes to my forecourts in Limerick.”

Shane Gleeson

Inver Punches Cross and Inver Hurlers, Castletroy, Co. Limerick

About Inver

Inver has been supplying fuels in Ireland for 40 years

Our story began in 1984 with the purchase of a small fuel distribution company in Foynes, Co. Limerick on the Shannon Estuary. Today we are a leading importer of fuel products supplying a wide range of customers from local forecourts to large industrial businesses.

In 2012, the Inver Retail brand was established and has become a national network continuously expanding with forecourts around Ireland.

In 2017, Inver Energy was acquired by Greenergy, Europe's largest manufacturer of waste-based biodiesel and a leading supplier of road fuels in the UK.

Inver is committed to supporting Ireland meet its decarbonisation targets by constantly investing in making lower carbon fuels available to customers, like B20 and HVO for commercial vehicles.

**All Inver fuels are laboratory tested and independently assured,
supplied directly to your facility.**

Lab Certified

Tested by a certified laboratory at the refinery of origin prior to loading the oil tanker.

Independently Surveyed

Checked by independent surveyors for quality assurance at the loading refinery and at Inver's import terminals.

Certified Quality

Provided with Certificates of Quality for each individual cargo showing that the fuels meet EU and Irish specifications.

Tested

Tested for quality assurance prior to receipt from the oil tanker at Inver's import terminals and samples from each individual cargo are retained.

Independent Quality Assured Testing

Tested by independent surveyors and laboratories to insure quality assurance.

Inver - Controlled Delivery

Inver fuels are supplied directly from our jointly owned terminal in Foynes, Limerick.

Quality Fuel Programme

Our Quality Assured Fuels programme gives our customers the assurance that fuels supplied by Inver meet national and European fuel standards and have complete traceability from the point of manufacture to our customers.

Community

We are proud of being a part of the communities we serve

Leading Lights

Our Leading Lights programme goes right into the heart of the communities surrounding our Inver forecourt partner network.

Each forecourt has the opportunity to fund organizations within their community that support children, education and families.

Munster Rugby Junior Supporters

Inver sponsors 6,500 free junior club memberships annually for young Munster rugby supporters. Junior members have opportunities to win competitions, attend multiple events including play on the pitch, the annual Christmas party and many other opportunities to interact and meet their team.

Contact our experienced and knowledgeable team to learn more about becoming an Inver Forecourt Partner.
